TO THE TRADE

ANTHONY LAKE NURSERY, INC., located in the Blue Ridge Mountains, offers an unrivalled source for native broad-leaved evergreen shrubs. Experienced management, ample capital and up-to-date facilities are the factors which have contributed to the building of this nursery, which ranks as one of the foremost of its kind.

Anthony Lake products include Rhododendrons, Azaleas and other similar plants native to the Blue Ridge and Smoky Mountains. The quality is what could be expected from a well-financed, conscientious and experienced organization interested only in producing the very best. This price list covers Nursery Grown Stock and Collected Stock. Our Nursery Grown Stocks are the finest we have to offer. The Collected Stocks are all carefully selected and can be relied upon as first class in every particular. Our extensive facilities place us in a position of having ample stocks available so that prompt shipment is assured.

We ship by trailer-truck in 24,000 to 34,000 lb. lots. Trailer delivery within three days from date of loading.

We are increasing our planting—offering to the trade more nursery grown stock.

Terms and Conditions: 2% 10 days, Net 30 days.

No claims that material shipped is unsatisfactory will be entertained after ten days from receipt of shipment.

No orders less than \$50.00.

We charge actual cost for crating and packing in less than carload shipments, no charge for crating and packing in carload shipments.

Orders are accepted on condition they shall be void should any injury befall stock from causes over which we have no control.

Orders from parties unknown to us must be accompanied with cash, or satisfactory references given.

We are one of the largest growers of Rhododendrons in the South. When ordering from us you may rest assured you will receive plants of the best quality.

We take particular pride in the quality of our Nursery Grown Stocks. In planting Nursery Grown Stock you run very little risk of unsuccessful growth, since the root system is well established in the nursery. The result is that the plants are rich in color and healthy from the start. We recommend wherever possible that nursery stock be used.

We have a great variety of sizes and our facilities are large enough to give prompt service on large orders.

RHODODENDRON CATAWBIENSE

Blooms late in May and June. Has a beautiful light purple to a red bloom about four inches in diameter. Its leaves are about two inches wide and four to eight inches long, dark green color. The leaves are more oval shape than the Maximum, making a very desirable plant for front planting.
